Dawn Cawley : The Old Fart's Guide to Survival before purchasing it in order to gage whether or not it would be worth my time, and all praised The Old Fart's Guide to Survival:

For people of a 'certain age' this is a quirky, humorous and light-hearted handbook, covering everything from coping with modern technology to incontinence. Strictly for those oldies with a sense of humour, The Old Fart's Guide to Survival is full of candid observations and anecdotes which will have readers chuckling.
